in the third installment of the modern guide series the author examines the boeing f 15 eagle in detail never before seen every version of the venerable eagle is studied from the earliest f 15a up to and including the latest f 15e serving in operation iraqi enduring freedom export versions equipping friendly air forces throughout the world are also covered to document this famous aircraft in book form took thousands of hours over 950 color images and the help of f 15 pilots crewchiefs and historians making this publication the most thorough accurate and best eagle book ever published

based on official spanish expedition diaries a fascinating account of the daily routes taken and the indigenous tribes terrain and wildlife encountered mapping old trails has a romantic allure at least as great as the difficulty involved in doing it in this book william foster produces the first highly accurate maps of the eleven spanish expeditions from northeastern mexico into what is now east texas during the years 1689 to 1768 foster draws upon the detailed diaries that each expedition kept of its route cross checking the journals among themselves and against previously unused eighteenth century spanish maps modern detailed topographic maps aerial photographs and on site inspections from these sources emerges a clear picture of where the spanish explorers actually passed through texas this information which corrects many previous misinterpretations will be widely valuable old names of rivers and landforms will be of interest to geographers anthropologists and archaeologists will find new information on encounters with some 139 named indigenous tribes botanists and zoologists will see changes in the distribution of flora and fauna with increasing european habitation and climatologists will learn more about the little ice age along the rio grande foster offers readers as accurate an estimate as could ever be hoped for for the eleven routes as whole the journal of american history foster does an excellent job sorting out his predecessors fallacious interpretations of the significance and location of certain routes colonial latin american historical review to have a single authoritative source of these early expeditions is enormously useful foster s work is the most authoritative on the subject david j weber southern methodist university

for over fifty years the official blackbook price guide to united states coins has been the bestselling sourcebook for collectors filled with the most current values and the latest market reports this updated edition has all the information you need to become a knowledgeable coin collector features include over 18 000 prices values for every u s coin ever minted an updated market review that traces current trends in collecting and investing hundreds of coin illustrations and a fast find index for easy identification extensive information on buying selling and grading coins at auction online and through the mail
